

*Federatie voor Innovatief Geneesmiddelenonderzoek Nederland  
Netherlands Federation of Innovative Drug research*

**FIGON** is pleased to announce that to help promote Innovative Research of Netherlands the Federation will support Members of Scientific Societies or of Graduate Schools by sponsoring FIGON travel awards for young scientists who present their work at international meetings related to Innovative Drug Research (conferences; symposia or workshops) . Each FIGON Travel Award shall be supported with a grant award of EUR 500.

## **GUIDELINES for FIGON TRAVEL AWARDS for Young Scientists**

### **Requirements:**

Applicant must

- be 'last year' master student, PhD student or Post doc within the field of Innovative Drug Research;
- have submitted an abstract for a meeting as first author;
- have conducted the submitted study in a Dutch institution;
- be a member of one of FIGON member Scientific Societies or Graduate Schools;
- not have received a previous travel award.

### **Application documents:**

- the submitted abstract;
- confirmation of acceptance for presentation at the meeting
- proof of master or PhD studentship or Post Doc position
- statement of membership to FIGON member Scientific Society or Graduate School (signed by official of the society or graduate school or supervisor)

Personal applications with all required documents to be submitted in electronic form to the FIGON Secretary; e-mail: [info@figon.nl](mailto:info@figon.nl)

### **Review criteria:**

- The executive board of FIGON will review the application
- The winners of the FIGON Travel Awards will be selected based on relevance of the meeting and the quality of the abstract
